REGULACIONES URBANAS DE LAS CABECERAS MUNICIPALES

The documents that contain the urban regulations for the municipalities of Mantua, Viñales, Consolación del Sur and Pinar del Río establish standards for the construction actions of perimeter fences, multifamily buildings, portals, exterior paintings, garages, relief houses and many others.

The urban regulations for the municipalities of Mantua, Viñales, Consolación del Sur and Pinar del Río, were recently updated after several exchanges with specialists related to land use planning. The documents that contain them (attached here), establish norms for the construction actions of perimeter fences, multi-family buildings, portals, exterior paintings, garages, relief houses and many others. Knowing and respecting the regulations in force is of paramount importance to carry out investor economic management, protect real estate assets and the urban environment as well as preserve cultural identity.
