The Travel Insurance to Cuba is aimed at all foreign travelers and Cubans living abroad who enter the country. This insurance is mandatory as of May 1, 2010 as a result of the publication on February 26, 2010 in the Official Gazette of Agreement 6774 of the Executive Committee of the Council of Ministers of the Republic of Cuba, requiring all travelers, foreigners and Cubans residing abroad for entry into the country to have an insurance policy with medical expenses coverage issued by insurance companies recognized in Cuba. The sale of these policies by Cuban insurance entities shall be insured at the points of entry into the country. The insurance issued by U.S. insurers will not be valid; the coverages and exclusions of risks, contracting options, insured sums and prices of these policies are:

COVERED RISKS

A) **Medical expenses due to illness or accident:** The Insurer covers medical, surgical, dental, pharmaceutical and hospitalisation expenses arising as a result of a sudden illness or accident that are appropriate to the nature of the illness or injury suffered and the circumstances in which it occurs. Dental expenses are understood to be those which, due to infection, pain or trauma, require emergency medical treatment.

B) **Repatriation and/or transport: of the wounded and sick, and/or of the deceased.**

- In the event of an accident or sudden illness occurring to the Insured, the Insurer will pay for the transport of the Insured to the nearest Hospital that has the necessary facilities for their care. Likewise, the Assistance Company, in contact with the doctor attending the Insured, shall supervise that the care provided is adequate. In the event that the Insured is admitted to the Hospital and this condition prevents the Insured from returning on the scheduled date, the Insurer will cover, up to the amount of the insurance, the cost of transporting the Insured to the place of commencement of the journey. The means of transport used in each case shall be decided by the Assistance Company in coordination with the medical team, depending on the urgency and seriousness of the case.
- **Deaths:** In the event of the death of the Insured, the Insurer, through the Assistance Company, will take care of the formalities and costs of conditioning and transporting the body, up to the limit indicated in the Particular Conditions, from the place of death to the place of commencement of the journey, unless otherwise agreed with the Insurer.

C) **Personal Civil Liability:** The Insurer will pay, up to the limit indicated in the Particular Conditions, any pecuniary compensation that the Insured, as a civilly liable party, is obliged to pay for any bodily or material damage caused involuntarily to third parties in their persons, animals or things. This includes the payment of costs, expenses and professional fees when they are in defence of the Insured and are civilly responsible.

D) **Advance of Judicial Bail:** In the event that the Insured does not have sufficient cash in their possession to satisfy the bonds that may be required by the judicial authorities for criminal responsibility in an accident, the Insurer will grant a loan without any surcharge, up to the limit established in the Particular Conditions. In order to access this guarantee, the Insured must first obtain a deposit in favour of
